Author Gives Her Readers A CHRISTMAS TO REMEMBER

Christmas is the season of miracles. It's when wrongs are forgiven and love triumphs over hate. When people dig deep for that extra bit of patience and faith to see them through overwhelming problems and trials. That's the focus of *A CHRISTMAS TO REMEMBER*, the latest release by Ohio romance author Kay Stockham and her publisher, Harlequin Enterprises.

Writing for Harlequin's Superromance series, Stockham has garnered acclaim for her emotional stories which feature true-to-life, contemporary characters. A 2007 RITA finalist for *MAN WITH A PAST* (May, 2006), *A CHRISTMAS TO REMEMBER* is Kay's fifth book released since October, 2005, and earned a 4-star rating from Romantic Times Book Reviews which said it was "a heartwarming story about love and forgiveness."

Stockham's hero is a Marine injured overseas who wakes up with no memory of his past. Home with his father, the ex-soldier meets up with a former girlfriend and finds himself confused by the snatches of memory slowly returning because they don't match the life he's supposedly led. Marley Pierce was eighteen when she spent a very brief two weeks with the man who ruined her life. Two weeks five years ago. Now they meet again and Marley can't believe he's changed so much. He's grown, matured. But what will happen when Marley discovers he's living someone else's life?

Quoted as being "an author to watch" from *A Romance Review*, Kay wraps up the romance with a twist pulled from today's headlines and gives her readers the happy ending they expect from her books. *A CHRISTMAS TO REMEMBER* will be on shelves beginning November 6 for one month or while supplies last, and available online wherever books are sold.
